

Kelly-Creswell Truck Series WV3-AS Air Atomized Striper

Model: WV3-AS is a self contained, simultaneous center & edgeline striping machine offering features, speed and performance for municipal & highway striping.

Sizes from 120 gallons thru 700 gallons total paint capacity.

Simple design with quality components insure long service life.

Heavy-duty outriggers with UHMW wear strips that never need lubrication with a full 48" of travel.

Rugged gun carriages with pneumatic lift and auto transport locks keeps operators out of traffic.

100-200 CFM rotary screw air compressor, diesel powered.

KC-598 or Nautilus spray guns, KC-600 or Nightliner bead guns.

Let us engineer a striper to meet your specific requirements.

Operate one and you will understand why Kelly-Creswell is the name that has defined striping since 1937.
